Mr. Doll:

*Am sending you by
bearer my two horses to take ^{care} of
for the winter. Have shoes taken off
and if you think they should have
blankets on at night please see
that they are put on. Blankets will
be with them. Let them out in
day time and have them stalled at
night. The white one is an old
horse. Send bill every month
and I will remit.*

Yours truly,

E. A. Thayer
